

New Jersey Department of Health
Delivery System Reform Incentive Payment (DSRIP) Program Update

Re: NJ DSRIP Consultants

New Jersey Department of Health (NJ DOH) has engaged Public Consulting Group (PCG) from Boston Massachusetts as NJ DSRIP consultants.

Myers & Stauffer (MSLC) will continue as lead NJ DSRIP consultants for all DY6 activities and will continue working with New Jersey through September 15, 2018.

PCG will concentrate their efforts on DY7 - DY8 activities and assist New Jersey in preparing a NJ DSRIP Sustainability and Transition Plan required by CMS for a NJ DSRIP Successor Program. After September 15, 2018, PCG will be the primary NJ DSRIP consultant for New Jersey.

Please continue to direct your DY6 NJ DSRIP inquiries and questions to MSLC via the NJ DSRIP website. For the time being, direct all other questions via email (including those on DY7, DY8, and the Successor Program) to Mike Conca at NJ DOH (Michael.Conca@doh.nj.gov). In time, PCG will become more engaged with hospitals in the NJ DSRIP Program.
