

# DSRIP Update

DSRIP Learning Collaborative 2 : Chemical  
Addiction/ Substance Abuse

Inspira Medical Center Vineland

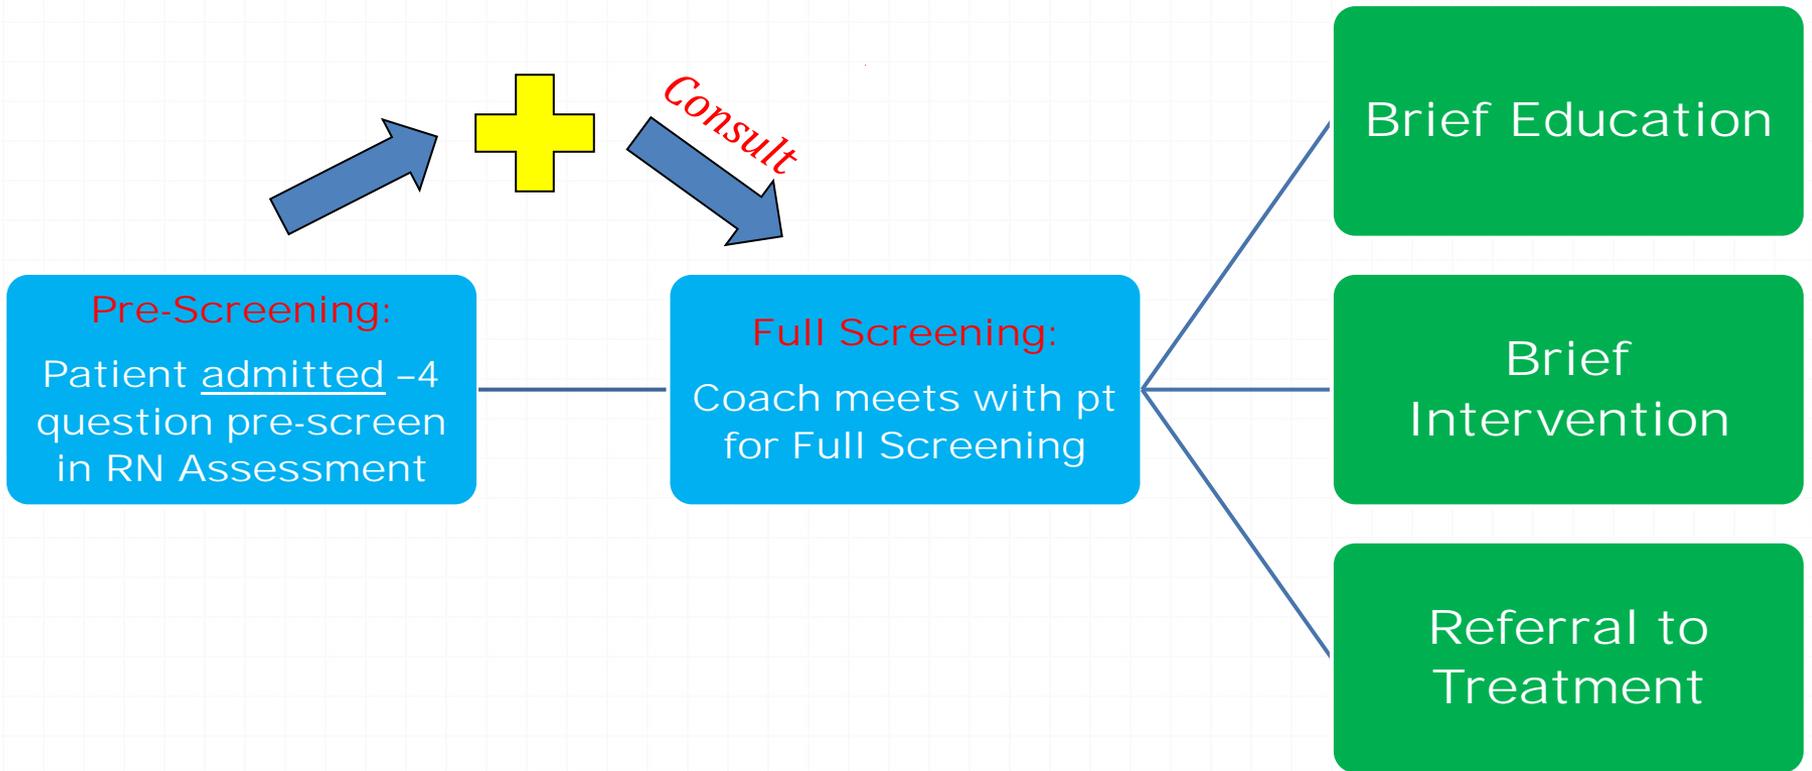

October 9<sup>th</sup>, 2014

# DSRIP Overview

- Project: Hospital-Wide Screening for Substance Use Disorder
- Use of the SBIRT (Screening, Brief Intervention and Referral to Treatment) methodology to carryout project.
- Key personnel involved: Nursing, Care Coordination and Behavior Health

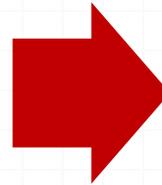

## SBIRT Screening, Brief Intervention, Referral to Treatment

# Intervention Coach to Follow Up

Confirm  
initial visit  
completed

Confirm  
continued  
treatment

**Metrics measure success with above**

# Provider Consortium

- Monthly meeting of area drug and alcohol providers
- During these meetings the following was discussed:
  - Feedback Form
  - Orientation Manual for Intervention Coaches
  - Interview Forms for Intervention Coaches
  - Process Map – Referrals
  - Funding Source Directory

# Project Achievements

- Project management
  - Engaged project team throughout process
- Initiation of pilot
  - Started Mid -August on three acute care units
- Referral Process
- Communication
  - Meeting with senior management on a quarterly basis

# PDSA Cycle

- o Initiation of pilot program
  - o Ending Plan Stage
- o Beginning our DO stage:
  - o Multi-departmental pre-pilot meeting with leadership
    - o Help transition from the "planning" to the "do" stage
    - o Helped to address any additional questions and solidify designated point people's roles
  - o Working with leadership across the continuum to document any problems and observations during our pilot

# Hospital Specific Project Outcomes

- ◊ Decrease LOS
- ◊ Decrease in readmissions
- ◊ Decrease in use of restraints
- ◊ Decrease in transfer of patients with delirium tremens to the ICU

# Project Challenges

- Patients who are resistant to help:

- Solutions:

- Intervention Coaches utilize non-threatening approach
    - Leave patient with booklet which includes contact information for Intervention Coaches
    - Provide follow up calls to revisit opportunity for help

- Patients without insurance:

- Solutions:

- Reaching out to our external partners in our consortium for help in exploring other options
    - Create a resource list of facilities that can provide some financial support.
